Expense Policy

1. General Provisions

1.1 Area of Applicability

This expense policy shall apply to all members of staff of the Open Home Foundation (**Foundation**) who are in an employment relationship with the Foundation (**Employees**).

1.2 Definition of Expenses

1.2.1 Expenses within the meaning of this policy are out-of-pocket expenses incurred by Employees in the interest of the Foundation which cannot be charged to a third party. Employees are obliged to keep their expenses within the scope of this policy as low as possible. Expenses that are not necessary for the performance of the work shall not be borne by the Foundation but by the Employees themselves.

1.2.2 Subject to the conditions hereinafter, the Foundation shall reimburse the Employees for the following expenses:

a. travel costs (see section 2 below);

b. meal costs (see section 3 below);

c. lodging costs (see section 4 below);

d. other costs (see section 5 below).

1.3 Principle of Reimbursement of Expenses

1.3.1 As a general rule, all expenses shall be reimbursed on an actual basis after the occurrence of the expense and upon presentation of original receipts. Flat-rate reimbursements are only made in the exceptional cases as listed below.

1.3.2 In case of uninterrupted absences of more than four weeks (e.g. maternity/paternity leave, military service, illness/accident; however, excluding vacation), monthly and/or annual lump sums are to be reduced to the extent the absence exceeds four weeks. If the lump sums are not reduced, any excessive payments shall not be considered as expense reimbursement but as salary.

2. Travel Costs

Sustainability is one of our core values. When traveling, Employees are expected to use trains instead of airplanes whenever reasonably feasible, particularly when the train journey would take less than four hours (**Short-Distance Travel**). We also strongly recommend using public transportation when traveling short distances. For Short-Distance Travel, we strongly encourage the use of public transportation.

2.1 Rail Travel

2.1.1 Members of the Foundation Board and Team Leaders shall be entitled to first-class rail travel for business trips within Switzerland and abroad. All other Employees shall, as a general rule, travel in second class. First-class travel may be used by other Employees only if second-class travel is unavailable or would not be reasonably acceptable under the circumstances.

Docusign Envelope ID: 687DC127-E0AD-4D6C-90B3-D39148B2CD4F

2.1.2 For Short-Distance Travel, the additional costs incurred for seat reservations will be covered by the Foundation up to CHF 90 per round trip. In addition, costs for one carry-on baggage are covered. For Long-Distance Travel (i.e., trips where the journey exceeds four hours each way), the additional costs incurred for seat reservations will be covered by the Foundation up to CHF 180 per round trip. Furthermore, the Foundation will cover costs for one carry-on baggage and one checked bag.

2.1.3 Employees who frequently travel by train for business purposes may, if required, be provided with a general or a route-specific season ticket (**GA travelcard**), whichever is more suitable. The term GA Travelcard shall, for the purposes of this provision, also include equivalent season tickets or subscriptions abroad. The granting of such a GA travelcard is at the sole discretion of the Foundation. Employees who are granted a GA travelcard may not claim a tax deduction for commuting expenses in their personal tax return. A corresponding note will be included in the salary certificate.

2.2 Tram and Bus Travel

For business trips, Employees will be provided with an appropriate tram or bus ticket. If required, Employees may be issued with a special ticket, such as a season ticket. As a matter of rule, holders of such season tickets are not entitled to any additional car allowance and may not claim a tax deduction for commuting expenses in their personal tax return. A corresponding note will be included in the salary certificate.

2.3 Air Travel

2.3.1 All Employees shall travel in economy class for business-related air travel.
In urgent or exceptional circumstances, or where business or representational considerations reasonably justify it, business class or first class travel may be approved. Any mileage credits, bonus points, or similar awards accrued by Employees from air travel undertaken for business purposes shall be used exclusively for business purposes.

2.3.2 For Short-Distance Travel, the additional costs incurred for seat reservations will be covered by the Foundation up to CHF 90 per round trip. In addition, costs for one carry-on baggage are covered. For Long-Distance Travel (i.e., trips where the journey exceeds four hours each way), the additional costs incurred for seat reservations will be covered by the Foundation up to CHF 180 per round trip. Furthermore, the Foundation will cover costs for one carry-on baggage and one checked bag.

2.4 Business Travel by Private Car or Taxi

2.4.1 The use of private transportation (such as private cars or taxis) will only be reimbursed in exceptional circumstances, namely when (i) the use of public transportation would result in a time difference of more than 30 minutes, or (ii) the private transportation is shared with other Employees or third parties and is more cost-efficient than public transport.

2.4.2 The allowance for the use of a private vehicle amounts to the lower, CHF 0.75 per kilometre or, for travel outside Switzerland, the **prevailing market rate** applicable in the respective country.

2.4.3 If a business trip begins or ends at the Employee's place of residence, reimbursement shall be limited to the distance between the Employee's regular place of work and the business trip destination, minus the distance of the Employee's usual commute.

3. Travel Insurance

All Employees are covered by the Foundation's business travel insurance.

Docusign Envelope ID: 687DC127-E0AD-4D6C-90B3-D39148B2CD4F

4. Meal Costs

4.1 When dining outside the usual place of work, Employees are expected to select middle-class restaurants with reasonable pricing, always taking into account the best interests of the Foundation.

4.2 If an Employee is on a business trip or is required to eat outside their usual place of work for other business reasons, the actual costs shall be reimbursed for the following (the cost per meal should not exceed the following amounts):

a) breakfast (in case of departure before 7.30 a.m. or preceding overnight stay, if breakfast is not included in the hotel costs) – one meal and up to two beverages (max. CHF 15);

b) lunch – one meal and up to two beverages (max. CHF 35);

c) dinner (in case of overnight stay or returning after 7.30 p.m.) – one meal and up to two beverages (max. CHF 40);

d) Evening drinks (in case of business meetings held after 7.30 p.m.) – up to two beverages.

4.3 Cocktails and hard liquor are not reimbursable under any circumstances.

4.4 For employees residing in Switzerland who work 40% to 60% of their working hours outside their usual place of work and therefore receive a lunch allowance, box G is ticked on the salary statement.

4.5 For employees residing in Switzerland who work more than 60% of their working hours outside their usual place of work and therefore receive a lunch allowance, the following note is added to item 15 of the salary statement: "Lunch paid by employer."

5. Lodging Costs

5.1 Hotel

5.1.1 Middle class hotels are to be chosen for overnight stays. Accommodation in hotels with more than four stars will not be approved.

5.1.2 By way of exception, a hotel in a higher price category may be chosen for reasons of representation, provided that this is in the interest of the business.

5.1.3 Actual costs of lodging shall be reimbursed as shown on the original receipt, whereby any private expenses (e.g. private telephone calls) are to be deducted from the hotel bill.

5.2 Private Overnight Stay

In the case of private overnight stays with friends etc., the actual costs of a small host gift may be reimbursed up to a locally appropriate amount.

6. Other Costs

6.1 Representation Expenses

6.1.1 In the context of partner relations or maintaining contacts with third parties associated with the Foundation, it may be in the Foundation's interest for such third parties to be invited by Employees.

6.1.2 As a general rule, restraint shall be exercised with respect to the costs of such invitations. All expenses must be justifiable and in the interest of the Foundation. When selecting the venue or

Docusign Envelope ID: 687DC127-E0AD-4D6C-90B3-D39148B2CD4F

form of hospitality, the importance of the partner or third party for the Foundation's activities, as well as local customs and practices, shall be appropriately taken into account.

6.1.3 The actual costs shall be reimbursed. The following details shall be noted on the receipt:

- name of all persons present, their company and their business relationship with the Foundation;
- name and location of the venue;
- date of the invitation;
- business purpose of the invitation.

6.2 Ancillary Expenses

6.2.1 Ancillary expenditures, such as parking fees, business telephones while en route etc., are generally reimbursed upon presentation of original receipts, provided they are business-related.

6.2.2 By way of exception, if it is impossible or impractical to provide an original receipt, the Employee may submit his/her own receipt.

6.3 Credit Cards

6.3.1 At the sole discretion of the Foundation, Employees may be provided with a personal credit card issued in their name.

6.3.2 The costs of this credit card shall be borne by the Foundation.

6.3.3 This credit card may only be used for business expenses.

6.3.4 Furthermore, no flat-rate expenses (in particular those incurred by recipients of lump-sum expense allowances for representation) may be paid with this credit card, or they must be charged back to the Employee in full.

6.4 Internet Connection

The Foundation will reimburse the lower of (i) 50% of the employee's monthly internet connection costs or (ii) CHF 50 per month for employees who maintain a home office and use their personal internet connection for work-related purposes. Reimbursement is limited to one connection per household and does not include one-time installation fees or equipment purchases.

6.5 Co-Working space

Employees who do not have a permanent workplace at the Foundation's premises may be reimbursed for the use of a co-working space, on the condition that the workspace is shared and does not include a reserved or fixed desk.

6.6 Training Costs

6.6.1 The Foundation supports the continuous learning and professional growth of its Employees. To this end, each Employee is granted an annual training budget of CHF 1'600 to pursue learning activities relevant to their current or potential future role within the Foundation. The objective of this budget is to strengthen skills and knowledge that contribute to the Employee's effectiveness and the Foundation's overall mission.

Docusign Envelope ID: 687DC127-E0AD-4D6C-90B3-D39148B2CD4F

6.6.2 The training budget may be used for a wide range of learning activities, including but not limited to: books, e-books, online and in-person courses, conference attendance for training purposes, course materials, and examination fees as well as ancillary costs such as meals, travel, and refreshments, but excludes long-term degree programs (e.g., bachelor's or master's studies).

6.6.3 To avoid any misunderstanding, payments under the annual training budget shall only be made upon submission of the relevant course confirmations or equivalent documentation and shall not be paid out in the absence of such evidence demonstrating that the respective training has actually been undertaken.

6.6.4 The training budget is granted on a pro rata basis for Employees who join or leave the Foundation during the calendar year. Any unused portion of this budget will expire at the end of the calendar year.

6.7 Mobile phones

6.7.1 Employees who need a mobile phone for business purposes may be provided with a business mobile phone. In principle, this is only to be used for business purposes and only in exceptional cases for private purposes. Unjustified additional costs due to private use are to be borne by the Employee.

6.7.2 Where required for business purposes, the Foundation shall provide Employees with mobile data connectivity while traveling.

6.8 Smart Home Devices

Each Employee shall be eligible to participate in the Foundation's Smart Home Device Research Program in accordance with the applicable program regulations.

6.9 Private infrastructure / home office

6.9.1 Employees who work from home and are required to use IT infrastructure - including, in particular, laptops or desktop computers, tablets, mobile phones, internet connections, software, and office supplies - for business purposes shall be entitled to an equipment spend limit, renewed every three years, for the purchase of hardware and equipment necessary to perform their daily work. This amount serves solely to enable Employees to obtain the equipment required to work; it is not a general budget or reimbursement.

6.9.2 The amount of this budget depends on the Employee's role and is allocated as follows:

- Development and engineering roles: CHF 3'600
- Product and UX/UI roles: CHF 3'000
- Administrative roles: CHF 2'600

This allowance covers all costs associated with the business use of private infrastructure.

6.9.3 Explicitly excluded from this budget are any costs associated with furniture, printers, or smart home devices.

6.9.4 All hardware acquired under this budget remains the sole property of the Foundation until the expiry of a three-year period from the respective date of purchase. After this period, ownership may be transferred to the employees if they decide to purchase the hardware from the Foundation. The purchase price must correspond to the current market value of the hardware. If

Docusign Envelope ID: 687DC127-E0AD-4D6C-90B3-D39148B2CD4F

the purchase price is below market value, the difference between the market price and the lower price paid is considered taxable salary.

6.9.5 Any unused portion of this budget will expire at the end of the three-year period.

7. Administrative provisions

Expense reports together with the corresponding receipts must be kept for 10 years for possible examination.

8. Validity

8.1.1 This expense policy takes effect as of 1 January 2026.

8.1.2 This expense policy was submitted to the Cantonal Tax Administration of Zug for review and approved by that authority.

8.1.3 On the basis of this approval, the Foundation is released from the obligation to declare on the salary certificates the reimbursed amounts of actual expenses.

8.1.4 Any amendment to this expense policy shall be submitted in advance to the Cantonal Tax Administration of Zug for approval. Likewise, the tax authority shall be informed if the expense policy is cancelled without replacement or replaced by an unapproved expense policy.
